United Nations, has issued a Notice to suppliers under the 'Oil for Food' programme that companies holding contracts for only those goods which appear under a list of possible priority contracts, covering sectors such as Food, Health, Water Sanitation, Education, Agriculture and Electricity supplies, would be contacted by the concerned UN agencies. As per information available, so far 23 contracts given to Indian companies have been placed on the list of possible priority contracts. This list includes goods such as wheat, full cream powder, educational materials, medicines etc. Shipments of goods to other Arabian countries have been mainly affected due to dislocation of shipping, increase in freight, insurance charge etc.
